Annual Report

Letter to Shareholders

Dear Shareholders,

We are pleased to report that the fiscal year ended December 31, 2023 was a year of significant progress for our company. Revenue grew by 14% to $2.4 billion, driven by strong demand in our core markets and the successful launch of three new product lines.

Our operating margin expanded to 18.5%, reflecting the benefits of the cost-reduction program we initiated in 2022. We generated $310 million in free cash flow and returned $150 million to shareholders through dividends and share repurchases.

We invested $220 million in research and development, including the acquisition of Northwind Analytics, which strengthens our data platform. We also opened two new manufacturing facilities, one in Monterrey and one in Gdańsk, to support future growth.

Looking ahead, we expect revenue growth of 10–12% in 2024 and remain confident in the long-term opportunity for our products.

Sincerely,

The Board of Directors

Financial Highlights

Risk Factors

Our business is subject to a number of risks, including:

- Competition from larger and smaller companies in our markets
- Dependence on a small number of key customers
- Supply chain disruptions affecting the availability of components
- Changes in regulations governing our products
- Foreign currency exchange rate fluctuations
- Cybersecurity incidents and data breaches
- Difficulty integrating acquired businesses

Management's Discussion and Analysis

Revenue increased primarily due to higher volumes in the Industrial segment and the contribution from Northwind Analytics, which was acquired on March 1, 2023. Excluding the acquisition, organic revenue grew by 9%.

Gross margin improved to 41.2% from 39.8% in the prior year, mainly because of lower material costs and favorable product mix. Selling, general and administrative expenses were $520 million, or 21.7% of revenue, compared with 22.0% in 2022.

Interest expense was $38 million, reflecting higher average borrowing rates. The effective tax rate was 23.5%.

Notes to the Financial Statements

Note 1 — Basis of Presentation

The consolidated financial statements include the accounts of the company and its subsidiaries. All intercompany balances and transactions have been eliminated. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities.

Note 2 — Revenue Recognition

Revenue is recognized when control of the promised goods or services is transferred to customers, in an amount that reflects the consideration we expect to receive. Most of our revenue is recognized at a point in time, when products are shipped. Revenue from multi-year service contracts is recognized ratably over the contract term.

Note 3 — Acquisitions

On March 1, 2023, we acquired Northwind Analytics for $140 million in cash. The acquisition was accounted for as a business combination. The purchase price was allocated to identifiable assets and liabilities, with the remainder recorded as goodwill of $130 million.

Note 4 — Debt

Long-term debt consists of $1,100 million in senior notes with fixed interest rates and maturities between 2026 and 2033. The weighted average interest rate was 3.4%. We were in compliance with all debt covenants at December 31, 2023.

Note 5 — Income Taxes

The effective tax rate differs from the statutory rate primarily because of state taxes and the benefit of research credits. Deferred tax assets of $42 million relate to net operating loss carryforwards, which we expect to fully utilize.

Note 6 — Commitments and Contingencies

We lease certain facilities and equipment under operating leases. Future minimum lease payments total $95 million. We are also party to various legal proceedings arising in the ordinary course of business; we do not expect the outcome of these matters to have a material effect on our financial position.

Auditor's Report

To the Shareholders and the Board of Directors:

We have audited the accompanying consolidated financial statements of the company, which comprise the balance sheets as of December 31, 2023 and 2022, and the related statements of income, cash flows and changes in equity for the years then ended.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the company as of December 31, 2023 and 2022, and the results of its operations and its cash flows for the years then ended, in conformity with generally accepted accounting principles.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Our audit included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.

We believe that our audits provide a reasonable basis for our opinion.

Ms. Rachel Kim
Vice President, Operations
Pacific Coast Logistics
2100 Harbor Way
Oakland, CA 94607

Dear Ms. Kim,

I am writing to express my interest in the Senior Project Manager position at Pacific Coast Logistics. With over eight years of experience managing cross-functional teams and delivering complex supply chain initiatives, I believe my background aligns well with the requirements outlined in your job description.

In my current role at Meridian Freight Solutions, I oversee a portfolio of projects with budgets ranging from $500,000 to $2.3 million. I have consistently delivered these projects on time and within budget, and I have led a team of twelve project coordinators and analysts. I am particularly proud of a warehouse consolidation project I managed in 2022 that reduced operating costs by 18% and improved delivery times by an average of two days.

Before joining Meridian Freight Solutions, I worked at Harbor Point Distribution, where I began my career as a logistics coordinator and was promoted to project manager within three years. There I developed a strong foundation in vendor negotiation, inventory management, and process improvement. I also earned my Project Management Professional certification during that time.

I would welcome the opportunity to discuss how my experience can contribute to Pacific Coast Logistics' continued growth. Thank you for considering my application. I look forward to hearing from you.

Sincerely,

Jason Lee
