

Request for Participation

Grand Traverse County is accepting applications from community members to serve on the **Grand Traverse County Opioid Settlement Spending Advisory Committee (OSSAC)**. In **August 2025**, the Grand Traverse County Board of Commissioners adopted a resolution establishing the **Grand Traverse County Opioid Settlement Spending Plan (OSSP)**. To support implementation of the OSSP, a **seven-member OSSAC** will be established to provide ongoing oversight, promote transparency, and develop recommendations on the allocation and use of opioid settlement funds.

The committee will **receive and review funding proposals** from Grand Traverse County–based service providers seeking opioid settlement dollars and will **recommend awards and results-based programming** to the Grand Traverse County Board of Commissioners.

As its initial task, the OSSAC will oversee the release of a Request for Proposals (RFP) to support projects and programs that reflect the OSSP’s five Core Values and comply with the approved List of Opioid Remediation Uses outlined in [Exhibit E](#).

Purpose of the Advisory Committee

The objectives of the OSSAC are to:

- Review proposals/funding requests and identify funding priorities and mechanisms
- Promote equitable, evidence-informed investments
- Support transparency through public-facing recommendations and meetings
- Provide recommendations to the Grand Traverse County Board of Commissioners
- Develop a transition plan for long-term oversight
